Description

**Large Compactum - Melamine in White & Nordic Ice – Code
B0216**

5 Drawer Large Compactum

This is our Large compactum with two baskets on top and three large drawers and it comes standard with half moon cut outs.

Note that the baskets are fixed to the drawers and cannot be detached.

A compactum refers to a durable and reliable changing table that can serve as a multifunctional nappy changing station.

A Compactum is designed with a wide and spacious top surface to accommodate a changing mat, while ensuring the appropriate height for optimal ergonomics and ease of use, thereby minimizing the need to lean over excessively.

Our large baby compactums are 922mm high, 1300mm in length and 600mm wide.

Our spacious compactums offer the perfect solution for parents seeking a comfortable and ergonomic height for changing their baby, without straining their backs.

In addition, our compactums boast generous storage capacity, making them a practical and versatile solution that can be used long after your baby has outgrown them.

They are designed to complement our range of wooden cots, allowing you to create a cohesive and stylish nursery decor.

For your convenience, all our compactums are delivered or collected fully assembled, eliminating the need for any DIY tools or complicated assembly instructions.

Our commitment to high-quality craftsmanship is evident in the sturdy construction and premium materials used in the manufacturing process.

Choose our compactums for a reliable and long-lasting addition to your nursery, offering the perfect blend of functionality and style.

There are several benefits to having a baby compactum in your nursery, including:

1. Multipurpose functionality: A baby compactum serves as a versatile piece of furniture that combines a changing station and storage solutions, saving you space and money.
2. Convenience: With a baby compactum, all your baby's essentials are in one place, making diaper changes and grooming routines a breeze.
3. Storage: The drawers or cupboard of the baby compactum provide ample storage space for all your baby's clothes, products and other essentials, keeping everything within reach and organized.
4. Ergonomics: Our baby compactum is designed at the perfect height and depth, so you can work comfortably and safely without straining your back or arms.
5. Longevity: As your baby grows, the baby compactum can be easily repurposed as a chest of drawers, providing value for years to come.

Size of this baby compactum :

Length - 1300mm
