

## 5-in-1 Cot - White Melamine B0071

**Price: R14 299.00**

### Short Description

Code : B0071

### Description

#### 5-in-1 Convertible Cot - Melamine in White – Code B0071

Introducing our 5-in-1 convertible cot, also known as the "room in a box."

This versatile 5-in-1 cot serves as a cot, changing area and storage unit, making it the perfect solution for your baby's first few years.

The changing area is positioned at the ideal height of 1 meter, preventing you from having to bend forward and potentially experience back pain while changing your baby.

Choosing a cot that adapts to your child's growth is a practical and cost-effective way of maximizing your investment.

The 5-in-1 convertible cot has three adjustable height levels to accommodate your growing baby.

- The first level is ideal for the first few weeks after birth, especially if you've had a C-section and need to avoid bending forward.
- The middle level is perfect for when your baby starts to roll over
- The lowest level is suitable for when they start pulling themselves upright.

When your baby is ready to transition to a bed, our 5-in-1 convertible cot / baby bedroom in a box, can be easily convert into a single bed with two bedside cabinets and a spacious bookcase.

Additionally, the cot comes with an undercot drawer on castors that can be used for extra storage or as a toy box later on.

Our innovative design allows you to choose between two options for the front and back rails of the cot.

- 1) You can opt for a cot with two open rails, which can later transform into a playpen.
- 2) Alternatively, you can choose the new design where the back of the cot is a solid panel, while the front rail has open rails that can be converted into a desk.

The single bed that the cot converts into is a standard size and can hold up to 120kg.

With the 5-in-1 convertible cot / baby bedroom in a box, you can ensure that your baby has a comfortable and functional sleeping space that will grow with them as they develop.

You can use everything on this cot - there's no need to pack anything away.

**Size of 5-in-1 Cot (this is the floor space that the cot will take up) :**

Length - 1930mm

Width - 930mm

**Important Note:**

To prevent damage, ALWAYS remove all components from the bed before attempting to move it. Moving the bed with everything still on top can compromise its structure and lead to damage.

**Photos below are illustrations of the cot - not specifically the colour or design you chose above.**

**The photo below illustrates the "solid back part of the cot" that can convert into a desk:**

The back of the cot is solid in order to convert into a desk.

Otherwise, we can make it the same as the front rail and cut the openings, but then it cannot be used as a desk.

**The photo below illustrates the "open rails back part of the cot" that can convert into a playpen only:**

This design is where the back and front rails of the cot has openings in.

It can be used as a play pen when you take the base out, but it cannot convert into a desk.

Ensuring the safety and well-being of your child is of utmost importance to us.

Thus, we kindly request that you supervise your child during their waking hours and avoid leaving them unattended.

All our baby nursery furniture is handmade in Cilvale AH, Bapsfontein, Johannesburg, Gauteng.

Our standard manufacturing time is 4 – 6 weeks.

Please contact us on [rene@babyboutiqueonline.co.za](mailto:rene@babyboutiqueonline.co.za) if you urgently need a product.

This specific item is made from Melamine, but we can also do it in Supawood. The price will change.

### **Easy Breath Foam Mattress (Optional Extra):**

Size : 1120mm x 860mm

The Easy Breath Foam Mattress is a high-quality option for parents seeking a safe and comfortable sleeping surface for their baby.

With holes punched on both sides (top and bottom), this mattress allows for flexible positioning, ensuring that your baby can sleep comfortably on any end of the mattress.

In addition, the Easy Breath Foam Mattress is designed with your baby's health in mind. It is non-allergenic, meaning that it minimizes the risk of allergic reactions for babies with sensitivities to certain materials or substances.

Moreover, the mattress complies with SABS standards, providing parents with the peace of mind that it meets the necessary safety and quality requirements set forth by regulatory agencies.

Overall, the Easy Breath Foam Mattress offers a combination of comfort, safety and convenience, making it an excellent choice for parents seeking a reliable sleeping surface for their baby.

### **Fitted Sheet (Optional Extra):**

Introducing our premium cotton-enriched fitted sheet, expertly crafted with your baby's comfort in mind.

Our lightweight luxury percale fabric boasts a super soft finish that is gentle on even the most delicate skin.

With an elasticated design, our fitted sheet ensures a snug and secure fit, promoting a safe and restful sleep for your little one.

Hypoallergenic and crafted with the utmost care, our fitted sheet is the perfect addition to your baby's nursery.

Trust us to provide the highest quality bedding for your precious bundle of joy.

### **Mattress Protector (Optional Extra):**

Our premium mattress protector, thoughtfully crafted to offer a superior sleeping experience.

Made with cotton-infused material, it provides a hypoallergenic and elasticated surface, ensuring maximum comfort and safety during your slumber.

Not only does our mattress protector deliver on comfort, it also offers exceptional practicality.

Its waterproof and super absorbent barrier effectively shields the mattress from stains, promoting a hygienic sleeping environment.

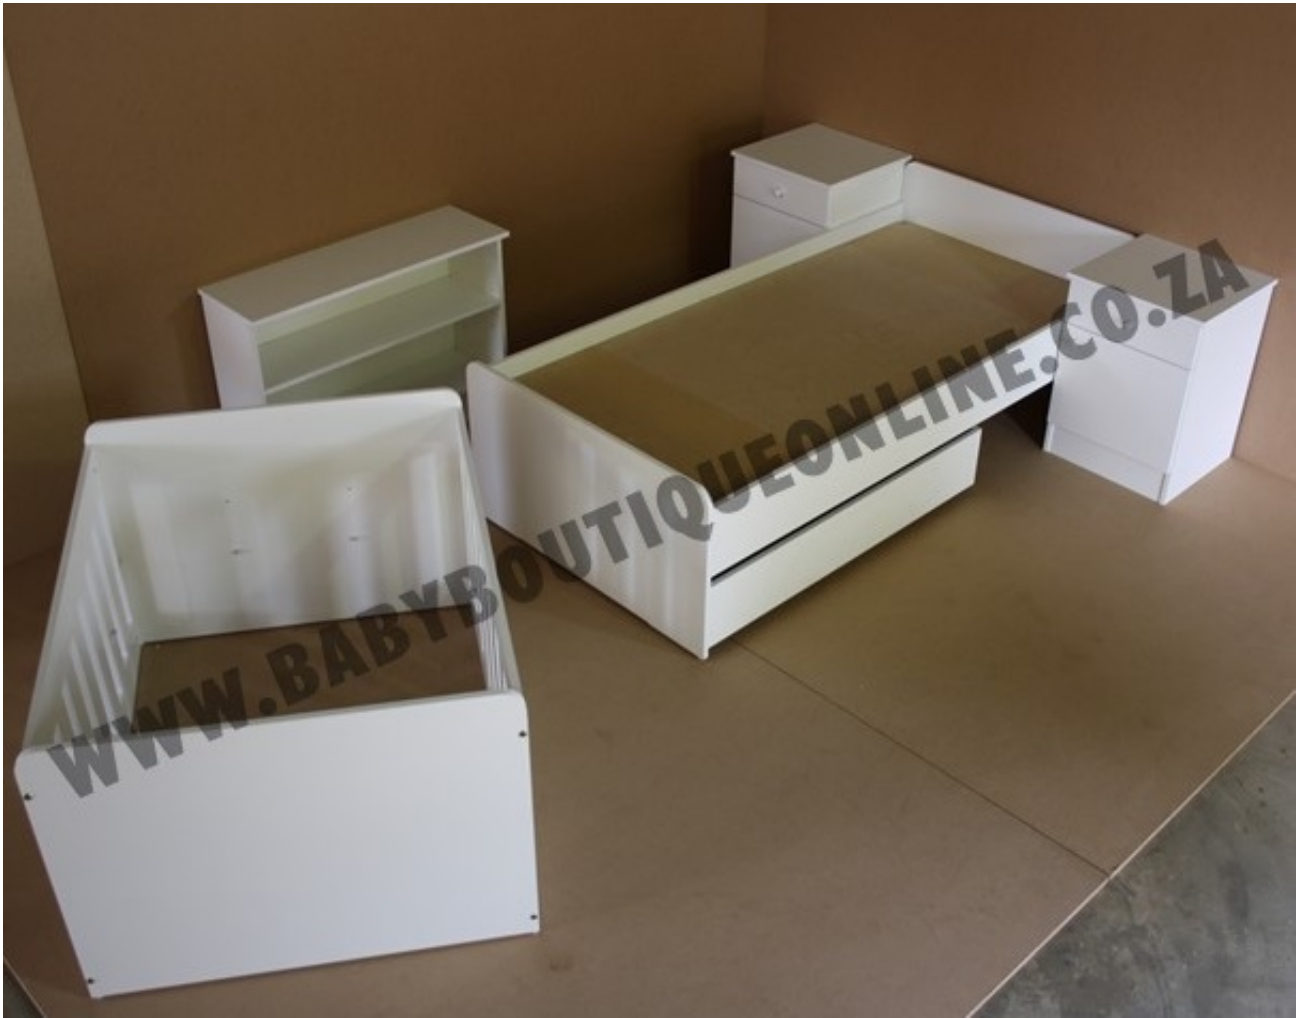

This feature also extends the lifespan of your mattress, saving you money and hassle in the long run.

Invest in the protection and enhancement of your sleeping space with our high-quality mattress protector, designed to cater to your every need.
