Price: R17 499.00

Short Description

Code : B0422

Description

5-in-1 Cot – Supawood MDF in White & Grey - Code B0422

Our 5-in-1 convertible cot, also known as a baby bedroom in a box, is a versatile and practical solution for your baby's early years.

It can be used as a cot, changing area and storage, all in one.

The changing area is conveniently positioned at a height of one meter, making it comfortable for you to change your baby without straining your back.

The cot has three height levels to accommodate your baby's growth and development.

- The first level is perfect for newborns, especially for mothers who have had a caesarean section and want to avoid bending forward.
- As your baby grows and starts to roll over, you can move them to the middle level.
- When they begin to pull themselves upright, the lowest level of the cot is ideal.

When your baby is ready to transition to a bed, our 5-in-1 convertible cot (baby bedroom in a box) can easily convert into a single bed complete with a chest of drawers, a bedside cabinet and a small bookcase. The undercot drawer, which runs on castors, provides additional storage and can later be used as a toy box.

We offer two different design options for our cot.

- The first features two open rails, which can be converted into a playpen.
- Alternatively, our new design has a solid back and open front rails, allowing for conversion into a desk.

Choose the option that best suits your needs and enjoy the convenience and versatility of our 5-in-1 convertible cot.

The single bed that the cot converts into is a standard size and can hold up to 120kg.

With the 5-in-1 convertible cot / baby bedroom in a box, you can ensure that your baby has a comfortable and functional sleeping space that will grow with them as they develop.

You can use everything on this cot - there's no need to pack anything away.

Size of 5-in-1 Cot (this is the floor space that the cot will take up) :

Length - 1930mm

Width - 930mm

Important Note:

To prevent damage, ALWAYS remove all components from the bed before attempting to move it. Moving the bed with everything still on top can compromise its structure and lead to damage.

Price is for the COT only - accessories sold separately.

The photo below illustrates the "solid back part of the cot" that can convert into a desk:

The back of the cot is solid in order to convert into a desk.

Otherwise, we can make it the same as the front rail and cut the openings, but then it cannot be used as a desk.

The photo below illustrates the "open rails back part of the cot" that can convert into a playpen only:

This design is where the back and front rails of the cot has openings in.

It can be used as a play pen when you take the base out, but it cannot convert into a desk.

Ensuring the safety and well-being of your child is of utmost importance to us.

Thus, we kindly request that you supervise your child during their waking hours and avoid leaving them unattended.

All our baby nursery furniture is handmade in Cilvale AH, Bapsfontein, Johannesburg, Gauteng.

Our standard manufacturing time is 4 – 6 weeks.

Easy Breath Foam Mattress (Optional Extra):

Size : 1120mm x 860mm

The Easy Breath Foam Mattress is a high-quality option for parents seeking a safe and comfortable sleeping surface for their baby.

With holes punched on both sides (top and bottom), this mattress allows for flexible positioning, ensuring that your baby can sleep comfortably on any end of the mattress.

In addition, the Easy Breath Foam Mattress is designed with your baby's health in mind. It is non-allergenic, meaning that it minimizes the risk of allergic reactions for babies with sensitivities to certain materials or substances.

Moreover, the mattress complies with SABS standards, providing parents with the peace of mind that it meets the necessary safety and quality requirements set forth by regulatory agencies.

Overall, the Easy Breath Foam Mattress offers a combination of comfort, safety and convenience, making it an excellent choice for parents seeking a reliable sleeping surface for their baby.

Fitted Sheet (Optional Extra):

Introducing our premium cotton-enriched fitted sheet, expertly crafted with your baby's comfort in mind.

Our lightweight luxury percale fabric boasts a super soft finish that is gentle on even the most delicate skin.

With an elasticated design, our fitted sheet ensures a snug and secure fit, promoting a safe and restful sleep for your little one.

Hypoallergenic and crafted with the utmost care, our fitted sheet is the perfect addition to your baby's nursery.

Trust us to provide the highest quality bedding for your precious bundle of joy.

Mattress Protector (Optional Extra):

Our premium mattress protector, thoughtfully crafted to offer a superior sleeping experience.

Made with cotton-infused material, it provides a hypoallergenic and elasticated surface, ensuring maximum comfort and safety during your slumber.

Not only does our mattress protector deliver on comfort, it also offers exceptional practicality.

Its waterproof and super absorbent barrier effectively shields the mattress from stains, promoting a hygienic sleeping environment.

This feature also extends the lifespan of your mattress, saving you money and hassle in the long run.

Invest in the protection and enhancement of your sleeping space with our high-quality mattress protector, designed to cater to your every need.
